

N O T E

From March to December 1924, and especially after the issue of the printed Draft April 1924, a final revision of the same has been undertaken by the Department of Legislative Drafting, in permanent connection with the High Revising Committee.

The present Volume, XV contains a number of Notes and Procès-Verbaux concerning such work.

Other technical Notes have been taken by Mr. R. Cazeau in the course of the meetings of the year 1924 upon his personal copy of the printed draft 1924. As the printed draft 1924 did not include Titles XXII (Partnerships and Companies) nor XXIII (Associations), one must refer for the technical Notes relating to such Titles to Volume XVI, final Draft as typewritten in December 1924 for promulgation, pencil notes.⁽¹⁾
